

Prior to your contacting your distributor or Norwesco's Customer Service Department, you can determine, by the serial number, whether the tank is still within the warranty period. Shown below is an example of a Norwesco serial number – the first two digits designate the manufacturing facility, the third and fourth digits represent the year of manufacture and the remaining digits are sequentially assigned by our computer (these numbers can be looked up in our computer system to obtain the exact date of manufacture).

Example of a serial number 120609188

Using the above information, you would be able to determine a tank with this serial number was manufactured in our Tooele, UT facility in the year 2006. To assist you in determining which facility manufactured your tank, their numbers are listed below:

1	St. Bonifacius, MN
11	Lancaster, OH
12	Tooele, UT
14	Sheldon, IA
15	Shawnee, OK
16	Griffin, GA
17	Owego, NY
18	Washougal, WA
19	Hanford, CA
20	Petersburg, TX
25	Washington Court House, OH
26	Albertville, AL
28	Lakeland, FL
29	Fairfield, TX
21	Winnipeg, MB
22	Edmonton, AB
27	Saskatoon, SK
